

# Chobham, St. Lawrence Church Hall.

A large (12.55 x 5.96 mtr) well appointed hall in the heart of the village with central heating. There are 62 adult chairs and 19 full-height tables + 23 children's chairs and 4 child-height tables.

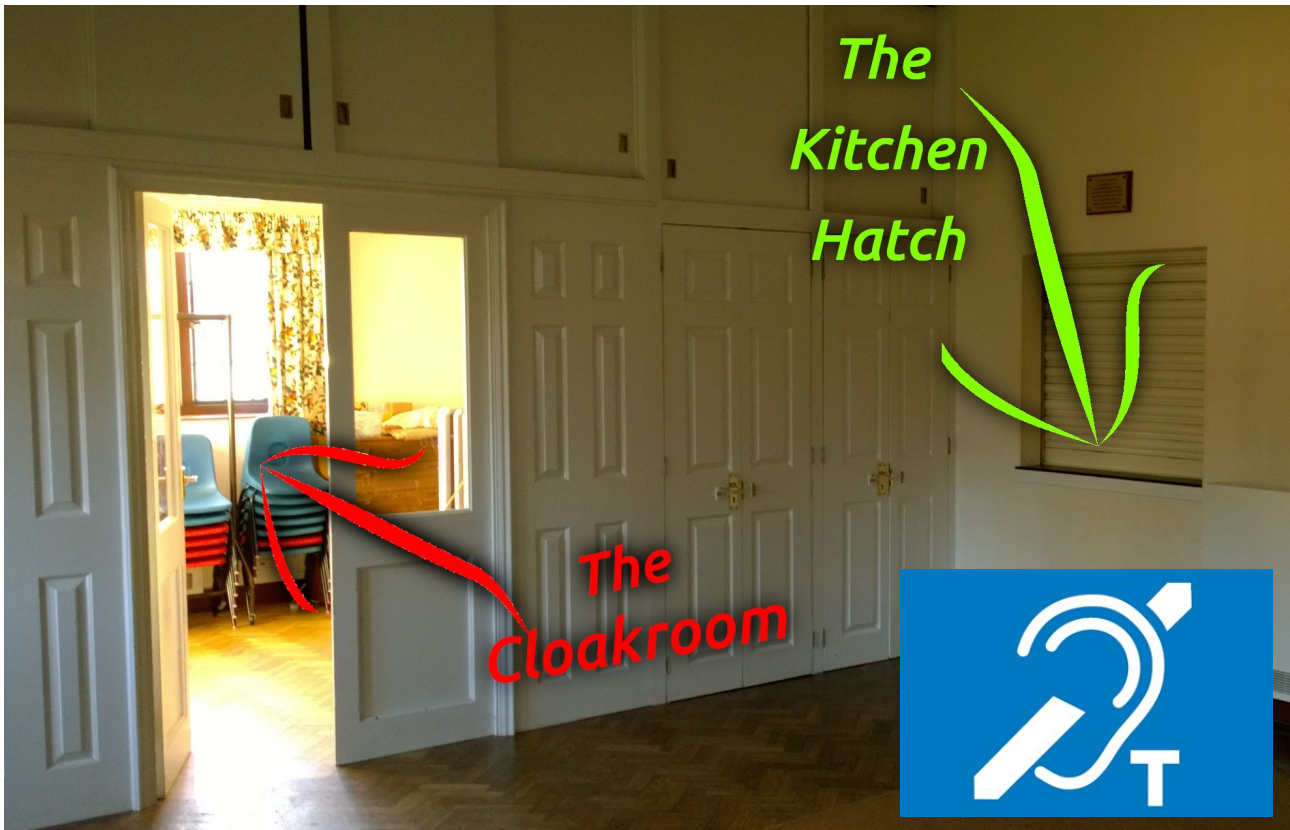

As well as having its own entrance, the hall is connected to the church meaning that entertaining after church events will not involve moving to another location. Parts of St. Lawrence Church date to 1070AD and is a superb setting for memorable occasions. The hall is currently used by many clubs and community groups not only those connected to the church. The village car-park is close-by.

There is a modern kitchen with hatch through to the hall. The kitchen has cooking and beverage making facilities. Crockery & cutlery are provided.

The hall has a screen, projector and WiFi.

Available to hire for competitive rates. Call Sandra Rigby Barrett on 07881696870 or email [SandraRbarrett@outlook.com](mailto:SandraRbarrett@outlook.com) for more information & bookings.

There are no steps leading to the hall and the doors open to double width so that it is fully accessible to wheelchairs and mobility scooters. There is a disabled access WC and a ramp between the church and the hall where there were previously steps. The hall has an induction hearing loop.

The Projector inputs do not have HDMI or apple lightning cable connections.

If your device has these outputs, please check that you have adaptor and that it works with our Equipment.
